

RoHS Statement of Compliance

The Restriction of Hazardous Substances Directive 2002/95/EC

January 2024
Revision - 1

EU Directive 2015/863 restricts the use of the 10 substances listed below in the manufacture of specified types of electrical electronic equipment. Whilst this restriction does not legally apply to components that are supplied by Circad, we understand that component compliance is relevant to many of our customers and to this end we have created this compliance statement to assist you in maintaining your records.

This compliance statement will confirm to our customers that the product in question does not contain any of the restricted substances in concentrations above the permitted level as specified within the directive, excepting those products which are exempt from the directive's requirements. The restricted substances and their permitted maximum concentrations in any homogenous material by weight are:

Restricted Substance	Maximum Permitted Concentration
Cadmium	0.01%
Lead	0.1%
Mercury	0.1%
Hexavalent Chromium	0.1%
PBB (Polybrominated Biphenyls)	0.1%
PBDE (Polybrominated Diphenyl Ethers)	0.1%
DEHP (Bis(2-ethylhexyl) phthalate)	0.1%
BBP (Butyl benzyl phthalate)	0.1%
DBP (Dibutyl phthalate)	0.1%
DIBP (Diisobutyl phthalate)	0.1%

Circad Design Ltd confirms that the supplier of the electrical electronic components is RoHS compliant and that reasonable steps have been taken to confirm this statement. This information applies only to products supplied by Circad Design Ltd on, or after the date of this certificate.

Signed

Gavin Howlett
Chief Executive Officer
